11. - 13. Soruları aşağıdaki parçaya göre cevaplayınız.

The Himba are a tribe of nomadic pastoralists that reside in a region of Namibia called Kunene. Unlike some other tribes in the Africa continent, they have been able to preserve most of their ethnic individuality and culture despite the world that is becoming more globalized day by day. The tribe are cattle and goat farmers, and families live together in a round homestead. Like every tribe, the Himba has unique traditions that one may not encounter in another tribe. One of them is the ancestral fire called "okoruwo". It is believed to function as a bridge between the living and the dead and allow them to lead a harmonious life and keep their ancestors happy. The fire is kept burning until the death of the headman. Soon after his death, his hut and the fire are destroyed. His family dance in mourning till the dawn, and after his burial, a fresh mopane tree is lit from the embers of the old fire.

11. It can be understood from the passage that some tribes in the Africa continent ---.

- A) have been unable to pass down their own traditions on the next generations for a few decades
